Code of Practice for Public Swimming Pools in SA

Recreation SA has developed and released the state's first-ever Code of Practice for SA Public Swimming Pools. The document aims to benefit all employees and patrons in the aquatic industry by providing a framework for planning and assessing aquatic environments, creating and maintaining safer venues and minimising risks and hazards.

Watch Around Water

Recreation SA administers and promotes this national water safety program which aims to educate parents and caregivers about adequate supervision of children under 10 at public swimming pools.

Fitness Professional Network Series

Keep your competitive advantage in the Fitness industry – gain CECs at reduced prices through Recreation SA's regular professional development opportunities for exercise specialists, in partnership with Fitness Australia.

2017 - 18 MAJOR PROJECTS

Trails

Recreation SA has employed a specialist Project Officer to administer the revamped Trails SA website and develop opportunities arising from the Outdoor and Trails sub-committees, to improve the usage and profile of the SA trails network.

2017 SA Swimming Pool Audit and Master Plan

Recreation SA is overseeing a statewide facility audit and Master Plan to ensure the sector is equipped to provide sustainable, inclusive, functional and fit for purpose aquatic facilities able to meet the current and future needs of the South Australian community.

Inclusive Recreation

Recreation SA is developing a range of resources and tools to assist members and Community Recreation and Aquatic facilities to introduce or augment Inclusion Programs at their centres. These resources will be available to members.
